Self-register as a Cardholder	2
-------------------------------------	---

Self-register as a Cardholder

Key Concepts

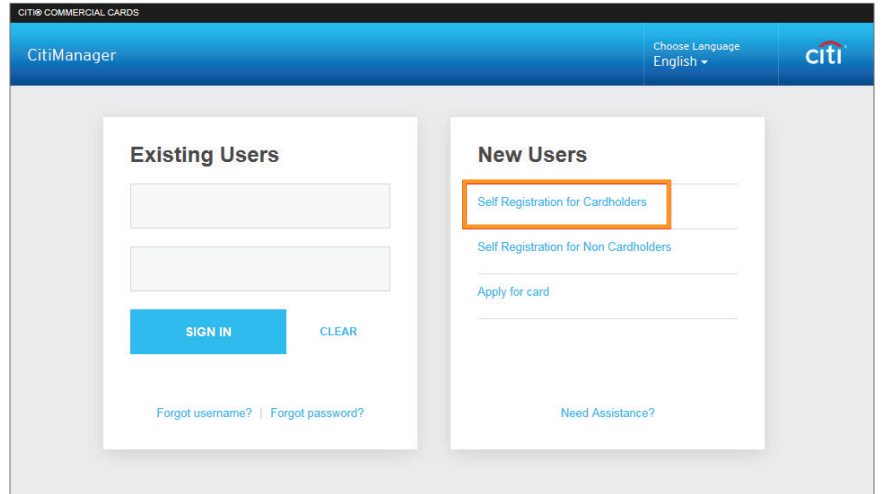

As a Cardholder, it's possible to self-register for the CitiManager Site so you can view your account information, view statements and balances and perform other self-service tasks such as updating your alerts.

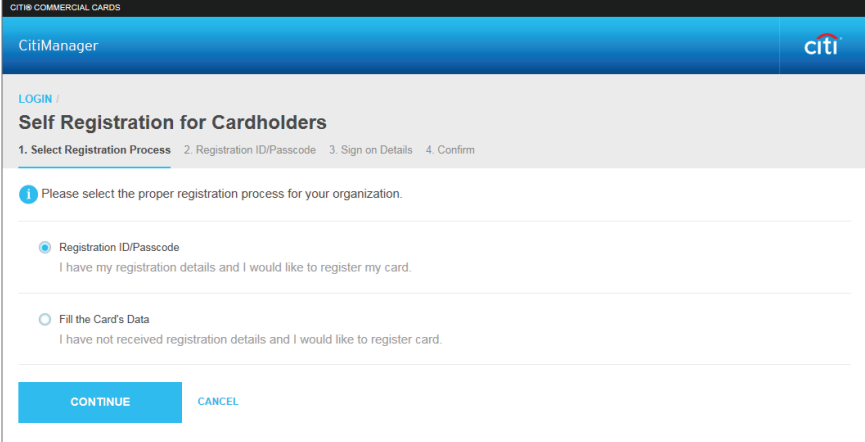

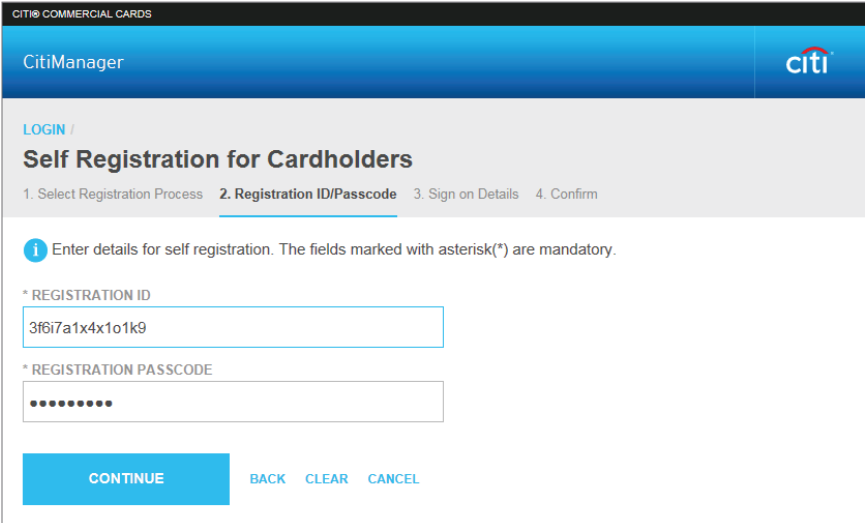

There are two possible self-registration options for Cardholders. The option used is based on your organization's set-up. You will use one of the following options:

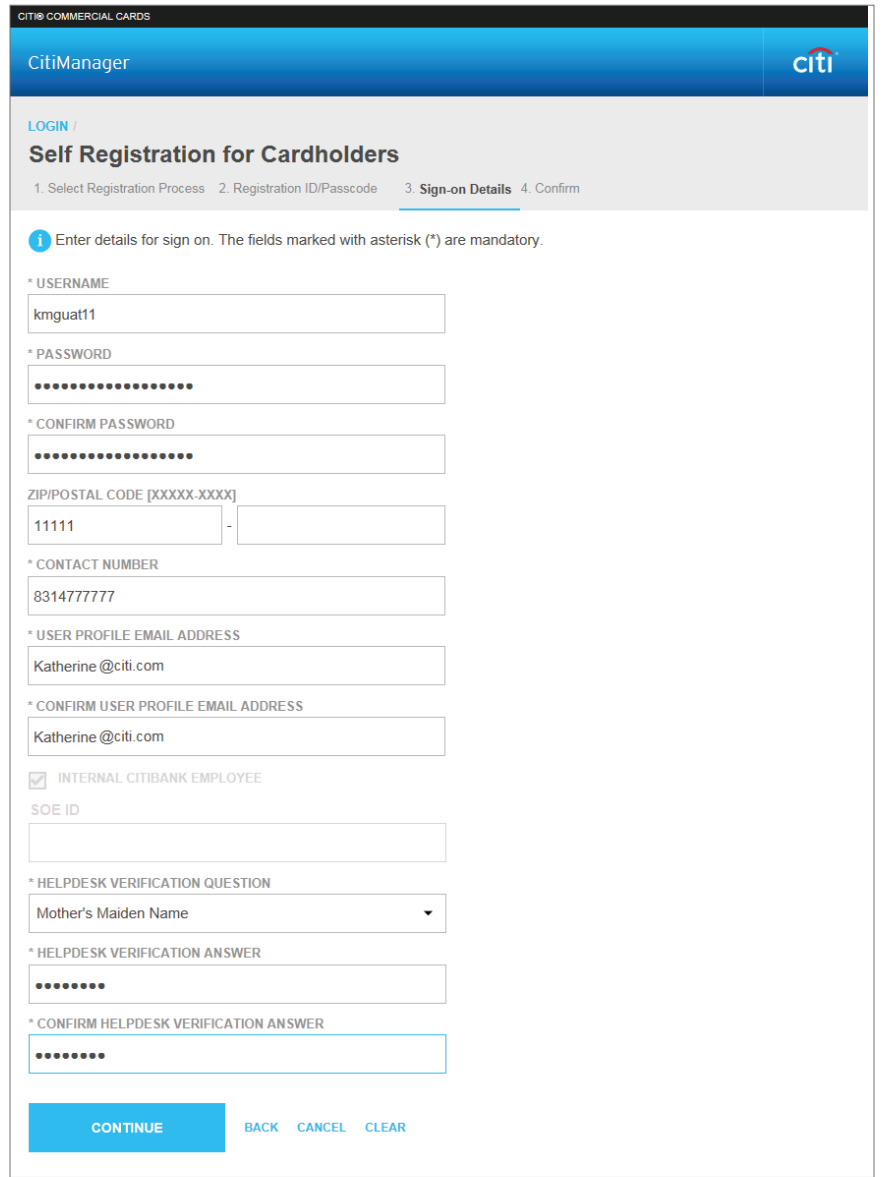

- **Registration ID and Passcode** – If your organization uses this option, Citi will send you two e-mails once a transaction has posted to your account. You will receive one e-mail with your Registration ID and another with your Passcode. These e-mails are required during the registration process. Once you receive your registration details, you must register within 60 days or your details will expire. You will be reminded every 15 days until your registration is complete.
- **Card Details** – Use the details from your card account. You will need your card number, your mobile phone or the CVV/CVC code on the back of your credit card. When using this option, you will be prompted to either enter a one-time passcode if you have a mobile number on file or enter the CVV/CVC code from the back of your credit card. You will then be sent two e-mails; one with a Registration ID and another with a Passcode. You will need to enter the Registration ID and Passcode to complete the self-registration process.

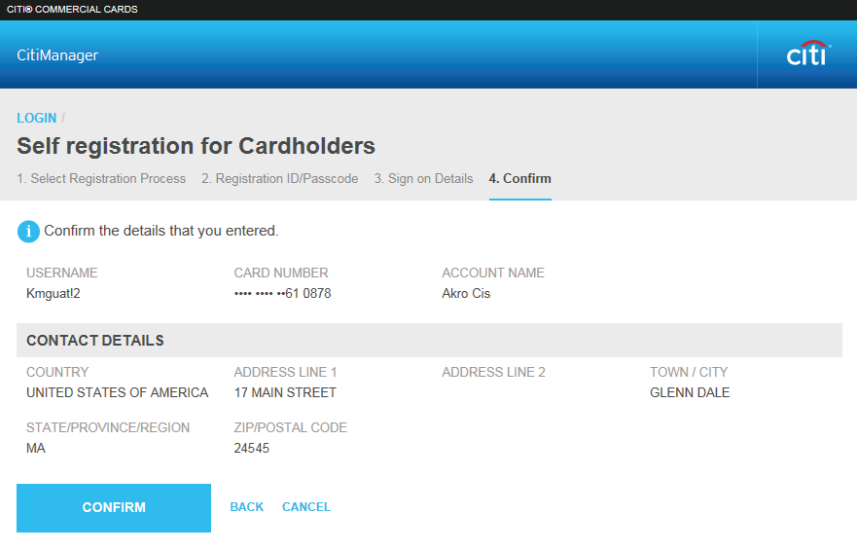

Step-by-Step Instructions

Self-registration Using the Registration ID and Option

Screen	Step/Action
	<ol style="list-style-type: none"> 1. Navigate to citimanager.com/login. 2. From the CitiManager Site Login screen New Users section, click the Self Registration for Cardholders link. <i>The Self Registration for Cardholders – Select Registration Process screen displays.</i>
